In making up your order be sure that the variety appears on this list. In Ornamentals we are not limited to those named within. (See next page.)

Some Points to Observe:

We are near the territory we serve and consequently you can expect good results from trees bought of us. Our list of apple and peach are quite up-to-date, each variety named being a good kind. This is likewise true of all varieties of fruits and ornamentals. Our soil is equal to any in growing a strong, fibrously rooted tree, a factor not to be overlooked.

Our shipping facilities are the best, viz: C. V., B. & O., W. M., N & W., Pennsylvania, Reading, N Y. Central and the Electric Railways, which means quick delivery to all points.

Do not overlook our Ornamental Department, The beautiful and shapely evergreens and our splendid assortment of shrubs will attract and please you. When you have a yard or lawn needing ornamentation, secure the services of our landscape department. Our landscape department can handle this work to your satisfaction and at much less expense to you than were you to employ an architect independently of nursery connection.

Our California Privet, the best grown and heaviest for age and height of any plants we know. A Trial Order is Requested

We extend a hearty invitation to you to visit our Nursery and look over our stock, If unable to visit us, please telephone, write or send your list of wants. We will quote you attractive prices on your needs. Our aim is to deal fairly and liberally with all customers.

Nursery at Halfway, Md., three miles from both Williamsport and Hagerstown, Md., on electric car line.
